Valorization Awareness Day 2023

January 25, 2023

Amphi Charpak du LPNHE,
4 place Jussieu, Tour 22 (rez-de-chaussée), 75005 Paris

Program of the day

09:00 - 09:30

Welcome coffee, installation of posters

09:30 - 10:00

Valorization and quantum technologies, Matthieu DELBECQ, LPENS, DIM QuanTiP

10:00 - 11:00

Zurich Instruments - Smart Instruments for complex experiments, Romain STOMP

11:00 - 12:00

Key principles for scientists aiming to found a Start up,
Eric LANGROGNET, Limpidea Management

12:00 - 13:00

Lunch break

13:00 - 14:30

Technological contest in parallel with a Poster session

14:30 - 15:30

Patent - a tool for innovation, Enrico PRIORI, Atout[PI] Laplace

15:30 - 16:30

Chipiron - portable MRI with ultrasensitive quantum detection, Dimitri LABAT

16:30 - 16:50

Coffe break

16:50 - 17:40

Programme de prématuration du CNRS, Patrick MOREAU, INP CNRS
Activités et programme de maturation, Yann GERARD, SATT Erganeo
Financing pre-matured – matured projects, Xavier FANTON, SATT Lutech
A new program for accelerating your innovation within Sorbonne University Alliance,
Olivia LEROY, Faculté des sciences et ingénierie, Sorbonne Université

"AAP 2022 Valorisation" of the DIM QuanTiP, Pascale SENELLART, C2N, DIM QuanTiP

17:40

Poster presentation contest - winner announcement
Technological contest - winner announcement
